

**Area Animal Science Day  
Waupaca County Fairgrounds  
Thursday, June 20, 2019**

FINAL REGISTRATION DUE MAY 30
----------------------------------

Area Animal Science Day (AASD) is a great day focused on learning more about the animal sciences. We work in partnership with state specialists to host AASD and many volunteers are needed to help in a variety of capacities. **We also hope many of our youth members take advantage of this educational event right here in Waupaca County.** The last time Waupaca County hosted AASD was in 2009. The purposes of Area Animal Science Days are:

- To increase availability of educational opportunities in the 4-H Animal Science projects.
- To increase decision making skills through judging and grading experiences.
- To increase the knowledge of animals through breeding and market evaluation and management information.

*If you are interested in helping with Area Animal Science Day or participating in one of the events complete the following information and return this form to Penny Tank, UWEX, 811 Harding Street, Waupaca, WI 54981 or email to [penny.tank@wisc.edu](mailto:penny.tank@wisc.edu) **Final registration, with payment to participate, is due May 30<sup>th</sup>.***
