Please tell about your experience with one of your favorite items listed in #3:

Fill in number of animals shown this year for each arrangement listed:

Ownership (you own the project animals)

Partnership (you and someone else share the ownership)

Managerial (someone else owns the project animals but you manage them)

I have the following agreement with my parents/guardian/leader/animal owner: _____

Number of additional animal(s) owned but not shown by project member _____

(Remember that a lifetime dairy record is needed for each 4-H dairy project animal.)

Housing

Describe the type of housing for your animals _____

Care (bedding, cleaning, equipment, etc.)

Describe your responsibilities in the care of your animals. _____

Health Care *(value of these procedures needs to be itemized and transferred to the individual Lifetime Dairy Records)*

Describe any vaccinations, tests, herd health, medication/treatments, or disease/health problems for your animals _____

Breeding *(Need to transfer cost per individual animal to each lifetime dairy record.)*

If you had project animals of breeding age, describe your farms breeding or your involvement (for example: sire

selection, heat detection, insemination) _____

Feeding (Fill in birth date and name of each animal on the top line and put a checkmark (✓) in each section that applies to what you fed that animal during this project year.)

Approximate FEED cost per animal/per day **

<i>0-2 months of age*</i>	<i>\$2.35 per day</i>
<i>3-6 months of age*</i>	<i>\$1.20 per day</i>
<i>7-13 months of age*</i>	<i>\$1.25 per day</i>
<i>14 months to freshening*</i>	<i>\$2.00 per day</i>
<i>Milking Cow</i>	<i>\$7.00 per day</i>
EXAMPLE – 4 month old calf	2.40 X 60 days=141.00 1.20 X 60 days=72.00 Total=213.00 feed cost

**Many variables affect feed cost for each animal, the stated numbers are approximate.
*Estimates bases on 2015 UWEX ICPPA Project Tables 3 & 11

Use the 'Approximate feed cost per animal/per day' chart above to fill in the following feed cost line for each animal and transfer to lifetime dairy record. The feed cost should reflect the project year, not lifetime feed cost.

Feed Cost: 1 \$ _____ 2 \$ _____ 3 \$ _____ 4 \$ _____ 5 \$ _____ 6 \$ _____
